

5th International Multidisciplinary Research Conference

"5th International Multidisciplinary Research Conference-2019 on the theme "Global Prosperity through Research & Sustainable Development" was held at Peshawar on October 29-31, 2019. The conference was jointly organized by Shaheed Benazir Bhutto University, Abdul Wali Khan University, Sarhad University, and University of Malakand.

Renowned international key note speakers from USA, Brazil, Turkey, Egypt, and national speakers from all over the country shared the scientific ideas and recent advances with the audience.

The conference was very productive for the interaction of Multidisciplinary Scientists to strengthen the efforts to achieve SDGs.
